

STATUS OF THE MANUSCRIPT UPTO DATED 14.08.2024

S.No	Ref. No.	Title	Author	Present Status
1	2314-23	Effect of wastewater on biochemical and physiological properties of Lens esculentus (Masoor)	Anjal Gusai et al.	MS is under review
2	2315-23	Integrated land and water resources planning of suliapadar micro-watershed using geo-spatial technique	JC Paul et al	MS is under review
3	2319-23	Studies on production and characterization of Biochar from different sources of biomass in karaikal puducherry UT	C. Kangasuppurathi nam et al.	MS is under review
4	2231-22	Comparative study of soil organic and nutrient status at forest and agroforestry in tropical region of Nepal	Yamuna Paude et al.	MS is under review
5	2118-21	Identification of suitable sites for rainwater harvesting structures in Jhal watershed of Bemetara district	D. Ganji et al.	MS is under review
6	2254-22	Integrated water quality assessment in Ur River watershed of Bundelkhand region based on water quality index and multivariate statistical techniques	Meeta Gupta et al.	MS is under review
7	2315-23	Integrated land and water resource planning of suliapadar micro-watershed using geo-spatial technique	JC Paul et al.	MS is under review
8	2330-23	Groundwater potential zones in West Tripura district, North east India, An application of AHP technique	K. Panja et al.	MS is under review
9	2329-23	A review on use of mechanical measures in-situ moisture conservation techniques in Agriculture	Mahima et al.	MS is under review
10	2339-23	Effect of different multi-purpose tree species on physico-chemical properties of loamy sand soil under rainfed conditions	KH Chaudhary	MS is under review
11	2348-23	Assessment & establishment of statistical correlation between physiochemical of the Ganga water up to downstream of Kanpur city	Mahendra Kumar et al.	MS is under review
12	2349-23	Composing of sugarcane waste by microorganisms and subsequent vermi composting	A.T. Babar et al.	MS is under review

13	2351-23	Distribution of Cd, Cr, Pb, Hg and Cu in forest soil and its associated organic matter of the hollongapar gibbon wildlife sanctuary NE India: A comparative study	Tumpa Paul et al.	MS is under review
14	2352-23	Modelling the infiltration rates of different soil under filed conditional	Shubham Kindo et al.	MS is under review
15	2353-23	Appraisal of long-term rainfall trends and rainfall erosivity in diverse agroclimatic zones of Chhattisgarh state, India: Implication for soil and water conservation measures	Jyotiprava Dash et al.	MS is under review
16	2354-23	Unveiling socio economic dynamics among sugarcane cultivators in Sitapur, uttar Pradesh: A case study	Vikash Yadav et al.	MS is under review
17	2355-23	Vulnerable area identification of a coastal river basin of India using hydrological model based approach	Uday Mandal et al.	MS is under review
18	2356-23	Farm women's adaption strategies to climate change in northern odisha	Praveen Jakhar et al.	MS is under review
19	2400-24	Recent advances in assessment of soil erodibility: A comprehensive review	Himani Kanwar et al.	MS is under review
20	2401-24	Response of Pomegranate (<i>Punica granatum L.</i>) to partial root zone drying irrigation (PRZDI) in physiological parameters, yield attributes and water use efficiency	D.T Meshram et al.	MS is under review
21	2403-24	Study of a Godavari river basin for futuristic Watershed Management	Gauri Patil et al.	MS is under review
22	2404-24	Evaluating the performance of a Rainfall Runoff model by employing Monte Carlo Simulation Techniques and GIS	Gauri Patil et al.	MS is under review
23	2407-24	Catchment storage and command relationship in the micro-watershed farmpond to enhance crop productivity in rainfed agricultures	RS Patode et al.	MS is under review
24	2411-24	Agrarian relations in contemporary India: A district level analysis	Surendra Singh et al.	MS is under review

25	2412-24	Periodic variation and spatial distribution in crop water requirement of cotton and soybean for western Maharashtra	DD Khedkar et al.	MS is under review
26	2413-24	Landslide hotspots in kokan Sahyadri range in year 2023-24	TK Talpe et al.	MS is under review
27	2414-24	Enhancing physico-chemical and chemical properties of soil through organic amendments and yield of green gram	S.Pushpa et al.	MS is under review
28	2417-24	Soil erosion estimation and mapping using detailed soil survey and GIS: need for soil conservation in hilly areas, tropical humid region, India	M.Chandra kala et al.	MS is under review
29	2419-24	Biomass production potential of existing Agroforestry systems and socioeconomic status of farmers in Baijnath, Himachal Pradesh, India	NS Kaler et al.	MS is under review
30	2425-24	Enhancing Physico-Chemical And Chemical Properties Of Soil Through Organic Amendments And Yield Of Green Gram	S Pushpa et al	MS is under review
31	2426-24	Infilling of Urban Wetlands Due to Urban Housing Projects: An Analysis and Prediction of Water Quality Parameters of Konnagar-Hindmotor Wetlands, West Bengal using Multilayer Perceptron Model	AC Aich et al.	MS is under review
32	2427-24	Environmental degradation and deterioration of groundwater quality around Bhalswa Solid Waste Landfill Site, Delhi	Shoeb Alam etal.	MS is under review
33	2429-24	Development of an Artificial Neural Network model for Predicting the infiltration rate of soils in the Chhattisgarh Plains	S Kindo et al.	MS is under review
34	2430-24	A Review: Dry and wet spell probability analysis for agricultural crop planning by using Markov Chain Model	U.R. Sonawane et al.	MS is under review
35	2431-24	Assessment of Shoreline Change along Kasaragod Coast, Kerala using Geospatial Techniques	S Sushama et al.	MS is under review

36	2433-24	Assessing different composting techniques and the physicochemical properties of the resultant composts	Pihu Gupta et al.	MS is under review
37	2435-24	Analysis Of Water Footprint Of Sugarcane For Bioethanol Production In Uttar Pradesh In India	Sadanand Yadav et al.	MS is under review
38	2437-24	Evaluation of SWC Measures and Bio-Physical Indicators of Kadwanchi Watershed, Maharashtra, India	Madhukar R. More et al.	MS is under review
39	2438-24	Assessment Of Flood Susceptibility Zones In Kabini Catchment Parts Of Karnataka State, India	Alec Lobo et al.	MS is under review
40	2439-24	Tsunami induced Hazard along Saurashtra Region using Delft3D - A Case Study of 1945 Makran Tsunami	GD Jagad et al.	MS is under review
41	2440-24	Soil Erosion Estimation using the SWAT Model in Hathmati Watershed of the Sabarmati River Basin	Bhagyesh C. Contractor et al.	MS is under review
42	2441-24	Agro-economic performance of winter crops under bio mulch- an Experience from North Eastern India	Lala I.P. Ray et al.	MS is under review
43	2442-24	Brinjal growth as influenced by B and Mo fortification with mineral and organic sources under alluvial plains of Punjab	Shubham et al.	MS is under review
44	2443-24	Assessing the influence of diverse organic fertilizers on soil quality, growth, and yield of chilli in the arid Bundelkhand region of India	Safik Ahmad et al.	MS is under review
45	2444-24	Productivity, water use efficiency and profitability of post monsoon sorghum as influenced by land management treatments	Reena Kumari et al	MS is under review
